*Providing service to real estate clients in Central Florida*

**Orlando, Florida, Tuesday, January 19, 2016** – The Orlando Title Group is founded by The Orlando Law Group's (OLG) Jennifer Englert and Kimberly Hosley Agee.

The Orlando Title Group will draw on the real estate experience of attorneys Englert and Hosley Agee to provide a new service to clients. The company will focus on providing title searches, reviewing surveys, verifying that the taxes on the property have been paid, providing title insurance, working with the mortgage lenders and filing paperwork with the County Recorder's office after closing. "We are very excited about the launch of this new company," explained Orlando Title Group co-founder Jennifer Englert. "This new company made sense for us as a way to expand our client services in the Real Estate industry. In addition, the fact that we are attorneys will give us a leg-up since our experience allows us to look at the big picture for our clients."

They are located at 12301 Lake Underhill Road, which is conveniently situated near the 408 and 417.

"The Orlando Title Group allows us to continue to better serve real estate clients in the Central Florida area," said Kimberly Hosley Agee, co-founder of the Orlando Title Group.
